

We Are **R**evere: Our Schools – Our Sports – Our Future

The Revere Local School District will soon embark on tremendously exciting construction projects which will completely transform its academic buildings, particularly on the High School campus. As we celebrate the upcoming projects, we have also surveyed our athletic facilities and found specific areas to be outdated, inefficient and non-functional. We can realize incredible efficiencies and savings by performing the academic and athletic improvements together which is why the Revere All-Sports Booster Club is pleased to announce a **\$3,000,000** Revere Athletics Capital Campaign

When successful, this campaign will result in new spaces for our student-athletes as well as substantial upgrades and remediation to existing key athletic facilities that are in substantial need.

Additions/improvements

- New, additional auxiliary gym
- New softball field
- New multi-sport practice field
- New stadium entrance
- Renovated stadium restrooms
- Renovated concession stands
- Renovated girls'/boys' locker rooms
- Renovated training facilities
- Renovated film room
- Renovated baseball field
- Renovated fieldhouse facade
- Expanded athletic storage facilities

Results

- Alleviate overcrowded facilities
- Allow additional practice time
- Eliminate the need for late-night practices
- Provide student-athletes with the facilities they need to compete safely and effectively
- Athletic facilities will reflect the vastly improved academic buildings
- Benefit youth sports
- Enhance revenue opportunities and ability to host regional tournaments

*The RASBC has formed a Committee to help us reach our ultimate goal of raising \$3,000,000 for these much-needed additions and improvements. While today marks the public announcement of the Campaign, the Committee has been hard at work behind the scenes, formulating an effective outreach strategy and soliciting initial donations. We are proud to announce that we have secured over **\$1,000,000** in firm commitments from a handful of advance donors.*

Please join our Honorary Co-Chairs: Larry Nance, Sr. and Coach Joe Pappano in this most important endeavor

As our student-athletes are only too aware, early victories do not guarantee ultimate success. We have a lot of hard work in front of us, especially since we will need to have the remaining **\$2,000,000** raised by this fall in order to begin athletics construction in conjunction with the work going on at the High School.

The RASBC asks for your assistance in successfully closing out this critical Campaign. We will be contacting you to discuss how you can assist us—through monetary donations or contribution of your efforts. **Thank you in advance for your help as we shape the future of Revere athletics!**
